Please answer the following questions in detail. This information will be used to evaluate whether your request complies with the criteria for a zone change.

1. Is the zoning of this property a mistake?
2. Will the change in zone conform with the policies and objectives of the Comprehensive Plan?
3. Will the overall change in the zone district result in development which is compatible with the surrounding districts?
4. Will the change prevent the use of other land in the vicinity?
5. Why is it appropriate at this time to permit the specific type of development or change in zone?
